

# GALLIUM SCAN BOWEL PREP

APPOINTMENT:

\_\_\_/\_\_\_/\_\_\_ @ \_\_\_:\_\_\_ am/pm

Re-schedule/cancellations:

308.995.3305

Please arrive at the hospital 15 minutes prior to your appointment to check in.

Nuclear medicine exams use small amounts of radioactive materials that are detected by a special camera to produce images. These materials, which are administered by IV or orally, expose patients to minimal radiation...no more than they would receive from a diagnostic x-ray.

Most nuclear medicine exams require simple preparation. Your physician will inform you of these requirements in advance of your exam.

**DAY 1:** After injection start clear liquid diet. No coffee, tea, red jell-o or dark colored pops. (You must be able to see your hand through it to be clear.)

**At 4p** start Evac \*Q\*Kwik Bowel Cleansing kit: drink all the liquid Mag Citrate. Also, start using the FLEET enemas until clear or to 9p

**At 5p** drink at least 8 oz of water.

**At 6p** swallow the tablets whole. Nothing by mouth after 9p.

**DAY 2:** Continue clear liquid diet and FLEETS enemas until clear or 9p. Nothing by mouth after 9p.

**DAY 3:** 48 hours after injection: Continue clear liquid diet and FLEETS enema until clear. Nothing by mouth after 9p.

**DAY 4:** 72 hours: Continue clear liquid diet. When images are done you may return to your normal diet.
